KITTEN

WITH SALMON OIL

For those who want to become real lions.

Especially during growth or pregnancy and suckling, an optimal nutrient supply is essential. **JOSERA Kitten** is a high-energy, easily digestible and particularly tasty feed for growing cats.

- › excellent **for the first year of your cat's life** and **during pregnancy and lactation**
- › **with plenty of energy and protein as well as valuable salmon oil** for the special requirements in the most important phases of life
- › **easy to digest**
- › **contains dietary fibre** to help prevent hairball formation

For pregnant cats: Please note that the food requirement during pregnancy depends on the number of kittens. However, you should avoid overfeeding your cat in order to prevent birth difficulties and disturbances during lactation.

For lactating cats: If required, the food can be provided ad libitum because the cat's need depends on the number of kittens and the milk line.

Feeding recommendation for kittens
