

# IronXcell

## Iron & B Vitamin Tonic

### Product Information

IronXcell is a complementary feed, which is suitable for feeding to all performance horses. It is formulated on a Sorbitol base, which improves the absorption of B Vitamins. B Complex Vitamins and Iron are needed for Red Blood Cell formation and important metabolic functions relating to exercise.

### The product is particularly useful for:

- Horses engaged in high-level training and competition.
- As a nutritional adjunct for horses with low Red Blood Cell Levels.
- As a general tonic.
- For shy feeders.
- As a nutritional adjunct for horses recovering from illness.

**Pack Size: 3.75 Lt**

## Instructions for Proper Use:

Horses: Add 60 ml per day to the normal feed ration.

Foals, Yearlings and Ponies: Add 30 ml per day to the normal feed ration.

EXCELLENCE IN EQUINE NUTRITION
