

MEDI/MAXI CHICKEN & RICE

The dry food for medium and large breeds with chicken & rice and extra big kibble size

Big kibble size

Skeletal development

Omega 3

Available in: **12.5kg; 3x3kg; 3kg**

Josera Medi/Maxi Chicken & Rice is specially tailored to the needs of our larger, insatiable four-legged friends! The dog food prevents hasty eating thanks to the extra big kibble size. Chewing fun included!

Our well-fed gourmets can also enjoy the food with a clear conscience - thanks to an increased fibre content for more satiety. A well-balanced calcium-phosphorus ratio plus vitamin C, manganese and copper in an easily digestible form all promote strong bone structure and protect healthy joints. Valuable omega-3 fatty acids from salmon oil can also support the immune system, skin and heart.

Our Large Breed is now called Medi/Maxi Chicken & Rice. In a new design, but with the same tried and tested recipe.

- Gluten-free dog food for large dogs and dogs that tend to bolt their food
- Extra large, crispy kibbles
- 81% of the protein is animal protein
- More satiety thanks to an increased fibre content and a moderate fat content
- Adult dog food with chicken and salmon oil, which provides valuable omega-3 fatty acids
- Supports strong skeletal development and healthy joints
- Large Breed is now called Medi/Maxi Chicken & Rice: New design, unchanged recipe

Feeding recommendation:

Weight	Activity / day up to 1 hour	Activity / day up to 3 hrs
10 kg	145 g	170 g
20 kg	245 g	285 g
30 kg	335 g	385 g
40 kg	415 g	480 g
60 kg	560 g	650 g
80 kg	695 g	805 g

The recommended food quantities stated are per animal, per day. The amount of food should be reduced, for example if snacks are also provided.

Please make sure your pet has fresh water at all times.

Complete feed for adult dogs

Composition: dried poultry protein 29.0 % (of which chicken 40.0 %); rice 24 %; whole grain corn; poultry fat; plant fibre; beet fibre; hydrolysed poultry protein; minerals; salmon oil 0.5 %; yeast; ground chicory root (natural source of inulin); dried protein from the New Zealand green-lipped mussel (*Perna canaliculus*)

Analytical constituents per kg:

protein	26,0 %
fat content	14,0 %
crude fibre	3,8 %
crude ash	6,7 %
calcium	1,40 %
phosphorus	0,95 %
sodium	0,50 %
magnesium	0,10 %
metabolisable energy per kg	15,3 MJ
metabolisable energy per kg	3.663 kcal

Additives:

Nutritional additives per kg:

vitamin A	22.600 I.E.
vitamin D3	1.700 I.E.
vitamin E	200 mg
vitamin C (ascorbyl monophosphate calcium sodium salt)	100 mg
vitamin B1	15 mg
vitamin B2	20 mg
vitamin B6	20 mg
vitamin B12	100 mcg
calcium-D-pantothenate	50 mg
niacin	85 mg
folic acid	5 mg
biotin	950 mcg
L-carnitine	300 mg
iron (iron(II) sulphate monohydrate)	100 mg
zinc (zinc chelate of glycine, hydrate (solid))	120 mg
manganese (manganese (II) oxide)	9,00 mg
copper (copper(II) chelate of glycine hydrate (solid))	11,00 mg
iodine (calcium iodate anhydrous)	1,30 mg
selenium (sodium selenite)	0,10 mg

Technological additives:

Antioxidants: tocopherol extracts of natural origin.
